Putting AR into drawing

- 1 Cut out the markers below and go to www.freddieyauner.co.uk
- 2 Hold a marker up to your webcam, and see what happens. (Make sure the webcam is on...)
- 3 So now you know the magic of AR, stick one marker on a blank sheet of card, and draw the body, so it joins up with the head.
- 4 Hold your drawing up to the webcam and see it come to life.
